

OAK LEAF NEEDS YOU!

Scouts, Scoutmasters, ASMs, Trained Leaders, lend us your ears (your minds, your bodies, and your talents, too)!

OAK LEAF is the entry-level course providing the foundation for scout leadership training in the North Trail District. In order for a new generation of leaders to be spawned they need a vibrant, energetic staff to lead them – YOU.

We want to augment the **OAK LEAF** staff at both the scout and scouter levels. Diversifying the staff means a new source for ideas, new energy, and new friendships – that translates into a better course for the participants, and more fun for all. The scout staff will develop themes and implement the program while the scouters act as mentors and provide whatever support is necessary.

What do we need to join, you ask? Simple – scouts must have completed NYLT and scoutmaster recommendation that they will be outstanding staffers. Scouters must have completed Youth Protection, preferably Boy Scout Specific Training and Wood Badge. Both Scouts and Scouters must commit the time to attend the staff development sessions and be eager to help younger scouts learn to lead.

What do you get out of it? Fun, new friendships, improved leadership skills, and the satisfaction of giving something back to Scouting. Help the next group of leaders – volunteer to staff **OAK LEAF**.

Course Dates: March 27-29, 2009, Camp Constantin
Course Director: Glen McGee, jagmcgee@swbell.net
